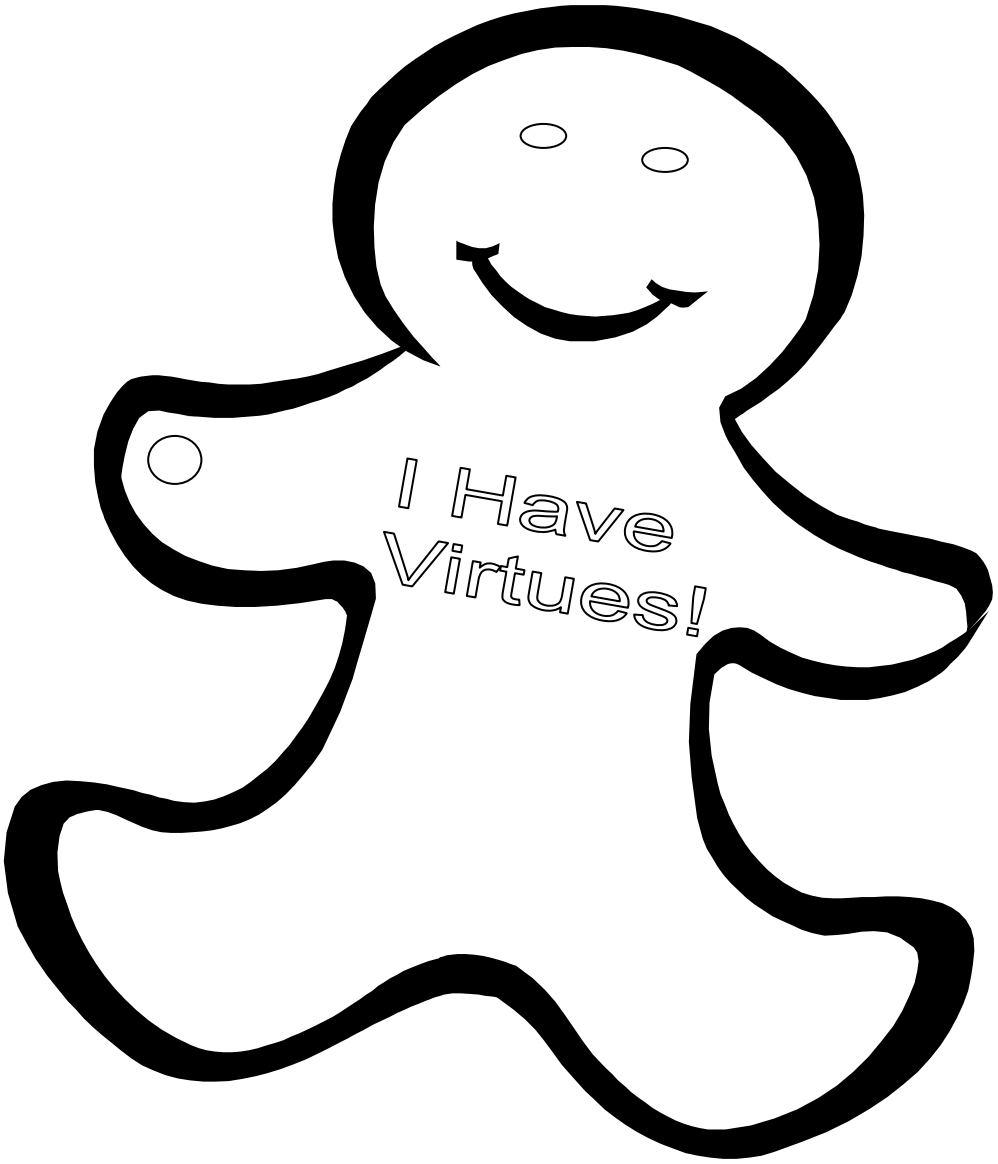
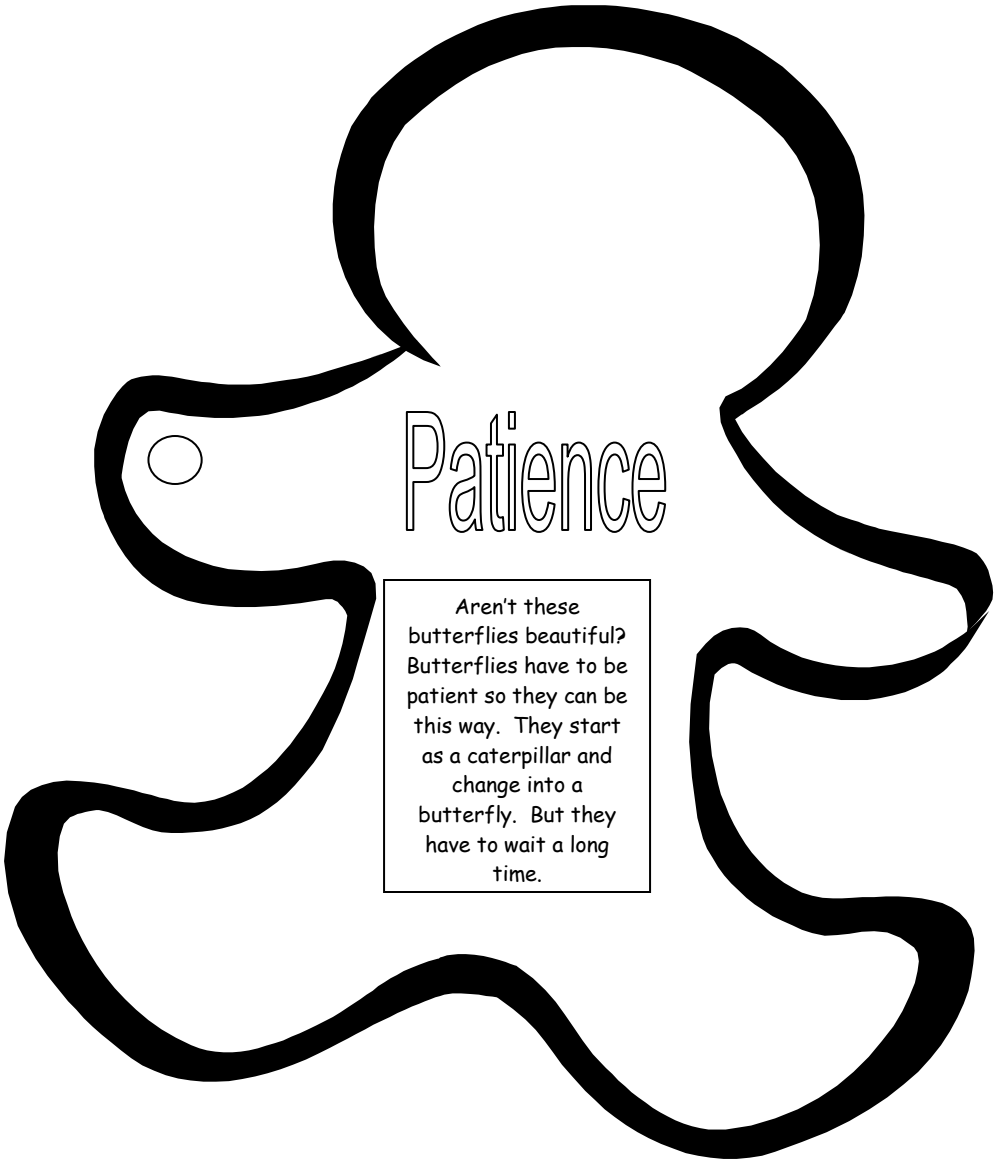
"I Have Virtues" Pattern

(You can copy this directly onto cardstock)

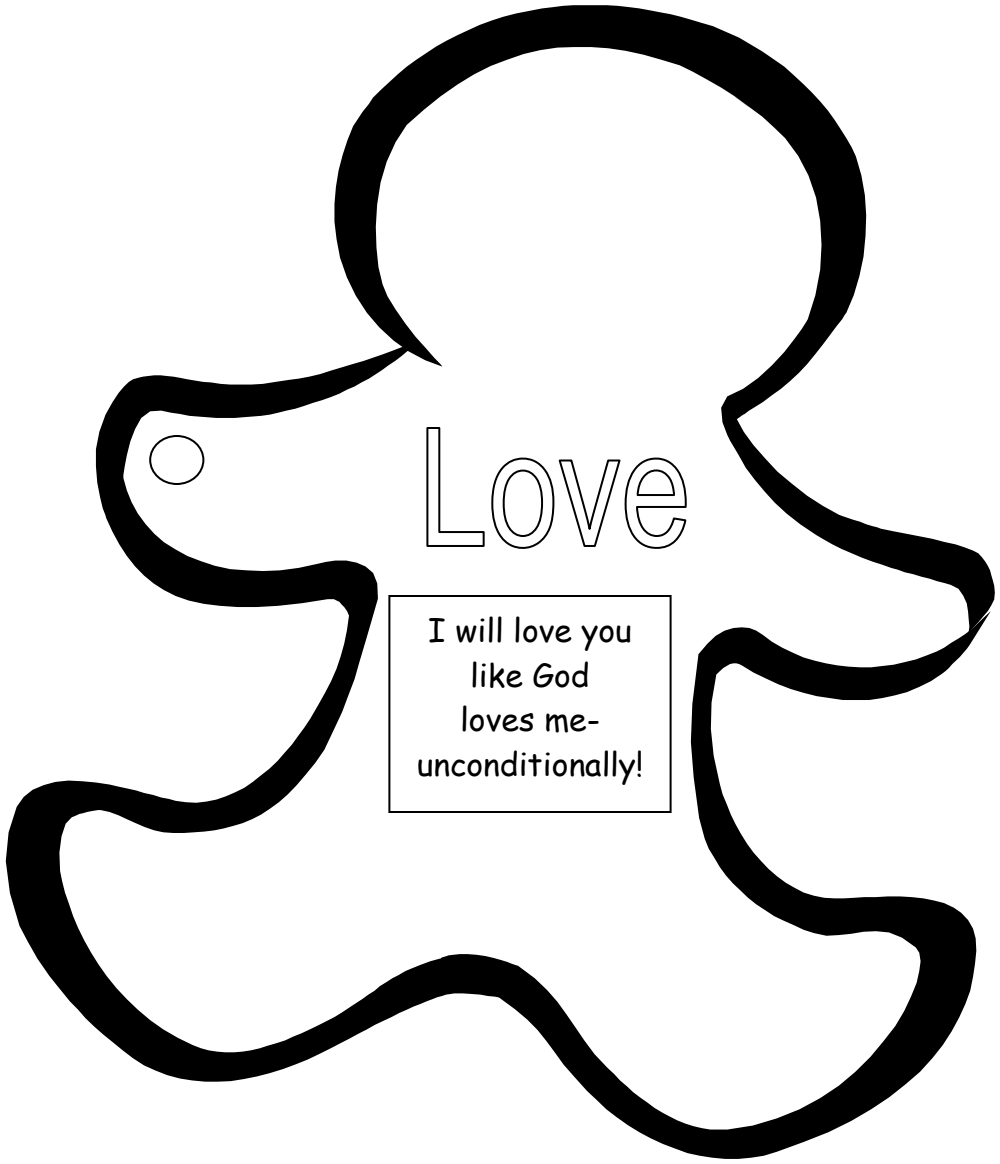




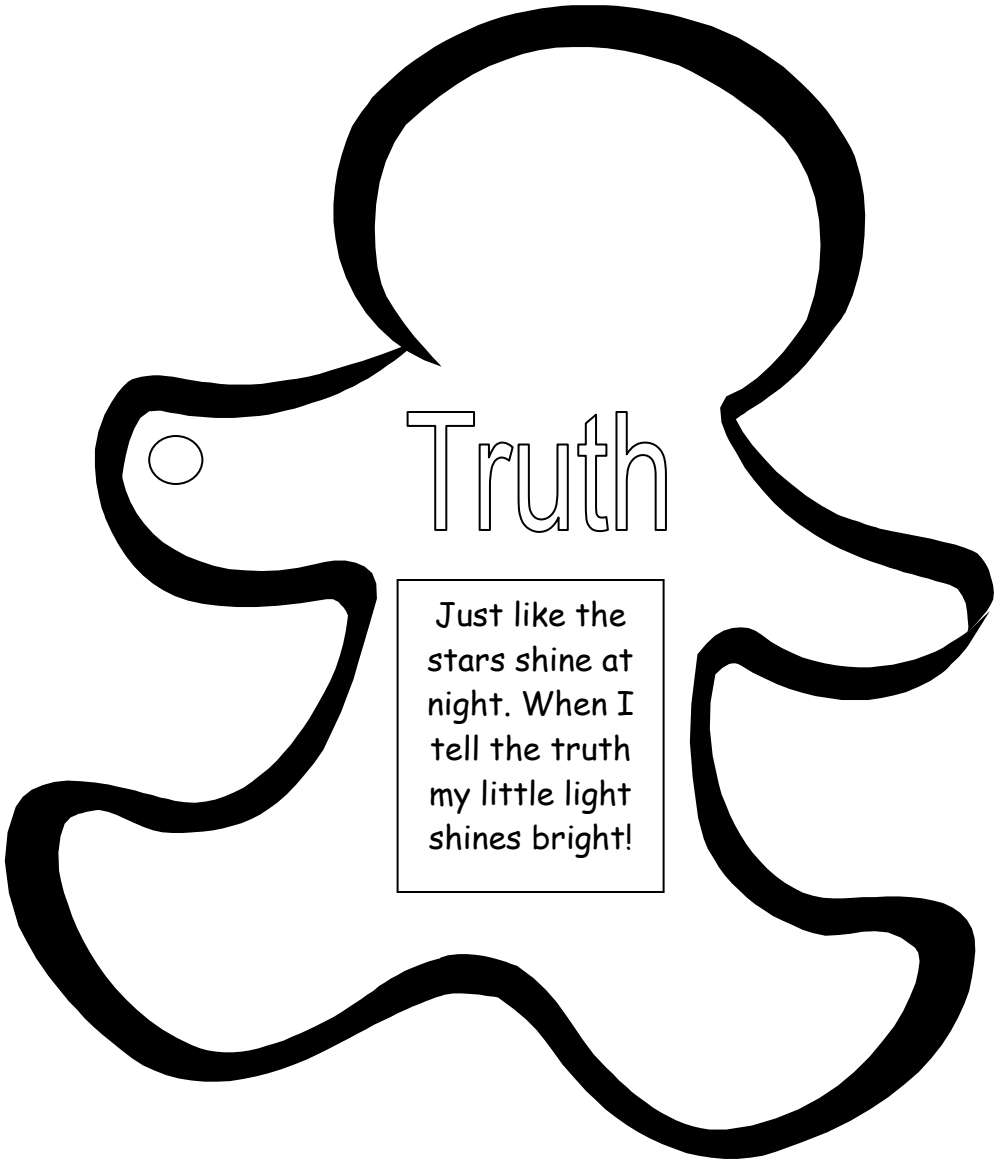
Patience
Aren't these butterflies beautiful? Butterflies have to be patient so they can be this way. They start as a caterpillar and change into a butterfly. But they have to wait a long time.

Forgiveness
Just like the flowers need clean water, I need to be clean of sin, so I can grow up strong!
God forgives, so I can, too. And that is what I will try to do!

Kindness
I am Happy when I am kind. Doing things for others not only puts a smile on their face but a smile on mine!



Love
I will love you
like God
loves me-
unconditionally!



Truth
Just like the stars shine at night. When I tell the truth my little light shines bright!
